Good Things Are in Sight

The Tombstone district is undoubtedly one of the richest in the rich mineral fields in Arizona and the day is not far distant when it will be one of the busiest mining centers in the new state. CONVENTION FIX THE PERCENTAGE

10 Per Cent for Initiative--5 Per Cent for Referendum

The republican members of the constitutional convention attacked the initiative and referendum proposal in the form that it was presented in committee of the whole, today, on the plea that the present and congress would refuse to approve the constitution and thereby delay statehood. The convention decided on 10 per cent for the initiative and 5 per cent for the referendum. This action was taken in committee of the whole. The entire proposition probably will be adopted today.

HOW THE BALLOT LOOKS

City Ticket Ready for Voters Decision--A Notable Campaign

The ballots for the coming city election are being prepared and made ready for the voter to exercise his prerogative on Tuesday. The democrats have a strong ticket in the field and are hopeful of victory. The republicans have also put their best timber forward and one independent candidate appears on the ballot.

The campaign has been notable for its quietness, none of the candidates putting forth any strenuous effort for election, and the contest has been placed strictly upon its own merits. The Tombstone city election in this respect is a model one and that for which other communities, counties or larger subdivisions have been striving, viz: clean elections, free from party strife and political chicanery, is attained here in all its idealistic simplicity, and Tombstone is to be congratulated on thus always being in the lead. The ticket is as follows--

Democratic	Office	Republican
J E James	Mayor	C L Cummings
H S Ross	Ald Ward 1	W A Fowler
E A Hughes	" 2	F N Wolfe
H Rafferty	" 3	A Barron
Jas Smith	" 4	L O Woolery
Geo Bravin	(Chief of Police)	P McDonald, I.
